HOWARD, practical Watchmaker and Jeweler, has removed to Blake's Assay office, where he has opened with a fine stock of Gold Jewelry, Watches, etc. Everything guaranteed just as represented. Fine and complicated watch work repaired in the very best manner, and no haggling.

GOODS ARRIVING.—Wm. M. Buffum, Jno. G. Campbell, Frederick & Heenan, Anders & Rowe, A. Her & Co., and others received large invoices of goods yesterday by Miller's and Bryan's teams, which loaded at Ehrenberg on the 2d inst.

BUCKS, BUCKS.—Z. Roehon has on his ranch, seven miles from Prescott, and two miles from Barn. Ranch, about sixty, fine, French and Spanish MARINO BUCKS, which he is desirous to close out this Fall. They were secured in June last, and now is a good time to see and judge of their quality. Enquire at John G. Campbell's store, in Prescott.

WEEKLY BULLION SHIPMENT FROM AZULAN MINE.—On Saturday, 14th inst., Mr. Pietz sent in the result of four days run on Peck ore, to Anders & Rowe, who on the 17th shipped it to San Francisco, as follows: Four bars silver bullion, weighing 3,826.67 ounces—average fineness, 987.25—Assay value, \$1,876.65. Shipped to L. Strauss & Co., San Francisco, for account of Anders & Rowe, Prescott.

We inadvertently allowed W. A. Smith and Wesley J. Herman, of Agua Fria, to have a spat or two each other through the medium of our columns, contrary to a rule we have endeavored to follow, viz: Not to permit anything in the nature of personal abuse to appear in the MINER. Smith sends a rejoinder to Herman's letter last week, advising that Herman rode bare-backed in the race, but persisting that he "went to grass."

What we want in the way of correspondence is news, and not controversy.

PARTLY ARRIVED.—Our anxiously looked-for Cylinder Press came in yesterday on Bryan's teams, but, much to our chagrin and disappointment some very essential portions of the machinery are left behind, and another vexatious delay is the consequence. We have telegraphed to have it sent forward by express, however, and hope before a great while to be able to start up with the new press a Daily edition of the MINER, and an enlarged Weekly.

SCHOOL AND THE SCHOOL HOUSE.—Having just completed the finest and best school-house ever built in a Territory, complete in all its appointments, well ventilated and lighted, and conveniently arranged, and without a crack in the plastering, showing the foundation to be solid as if set upon adamant, the people of Prescott are justly proud of what they have done; and we, as a chronicler of events as they transpire, take especial pleasure in announcing that on Monday morning next the Fall term of Prescott Graded School will commence in the new school-house, under the principalship of M. H. Sherman, assisted by his sister, Miss Lucy Sherman, late of the schools of the State of New York.

Standard City Time at HOWARD'S, the Jeweler.

Just as we go to press, a dispatch is shown us from A. H. Peoples, of Wickenburg, announcing that he has consented to become a candidate for the Legislature. Men usually act from motive, and in view of the fact that Mr. Peoples so positively refused to become a candidate at the County Convention, the query is, what motive has induced him to become a candidate now? Has he fallen in with those who are endeavoring to raise a sensational issue prejudicial to the interests of the town of Prescott? We hope not. Prescott, of course, has her own interests to look after, but in attending to them, she is not in antagonism to other portions of the County. She is anxious to retain Wickenburg as a part of Yavapai County, and if, as has been intimated, there is a movement to set it off into Maricopa, and an opposition ticket is about to be put into the field with that idea as a concession, the voters of the rest of the County should investigate and see if it be true, before giving it their support. It is a matter worth thinking about.

Stage left Wickenburg for Prescott this morning at ten.

The smartly of the Citizen attempts to instruct us in matters about which he proves himself as ignorant as he thinks himself wise. There isn't an Apache in the tribe that doesn't know there is no such thing in existence as a Verde Indian Reservation, nor hasn't been for two years; and yet this would-be public teacher would have his readers believe the renegades, recently killed by Captain Porter, belonged to Verde and not San Carlos. Come again with your assumption of knowledge. People should be taught before they attempt to teach.

James Prenderville, alias "Jimmy Behind the Stove" desires us to announce that he is a candidate for Constable. All the Prendervilles have been constables and are peculiarly fitted for the position, notwithstanding one of them did sell himself to the Black Republicans in Philadelphia.

Mount Hope and Turkey Creek ought to be established as voting places, and the Board of Supervisors is anxiously waiting for the petitions to come in, when it will be done.

A CARD.

Having just arrived in town, I have not time to make an extended answer to the circular published against me but I wish now to say, that at the time I went with Casner to Williamson Valley he (Casner) as well as myself knew that Clancy was voluntarily in the calaboose. Clancy was afraid to leave town while Casner was here and therefore Casner and I left town to give Clancy an opportunity to go off with Bledsoe and Monroe. Bledsoe got into a fight during the time we were out of town and therefore did not start while we were away. I shall have more to say about this matter in the next issue of the MINER.

JOHN H. BEHAN.

Prescott, Oct. 20, 1876.

It is reported that there is to be a public meeting in town to-morrow to nominate a full opposition ticket to those nominated at the Mass Convention last week, but we have been favored with no notice of it and it may not be so.

Dr. E. Thell, whose card appears to-day, has shown us his kit of doctor tools, and we are free to confess that it surpasses in number and variety of medical and surgical instruments and appliances, anything we have ever noticed. Every conceivable new invention that we ever heard or read of, for cutting, pumping, hooking or gouging disease out of the human system appears on his table or in cases and desks in his office, in the rear of Ganz' lodging house, in the East room of the residence of Dan Hatz.
